COMMENTS

Graceful, powerful, and impeccably crafted, the Southern Wind 110 *Thalima* is a yacht that redefines modern bluewater cruising with flair and finesse. As the singular 110-footer from Southern Wind, *Thalima* effortlessly blends cutting-edge performance with refined elegance, an exquisite balance that sets her apart in the world of luxury sailing.

Built in Cape Town by the renowned Southern Wind Shipyard and designed in collaboration with Nauta Design and Farr Yacht Design, *Thalima* boasts a sleek carbon composite hull, flush deck lines, and a powerful sloop rig—delivering exhilarating performance whether racing offshore or cruising leisurely under the stars. At over 33 meters in length, she commands attention with her silhouette alone, yet it is her grace under sail that truly captivates.

Stepping aboard *Thalima* reveals an interior of quiet luxury and intelligent design. Fresh from a substantial interior refit, the modern teak finishes, expansive saloon, and light-filled cabins create a soothing sanctuary at sea. Her four-cabin layout, including a spacious Owner suite forward, offers comfort and privacy for up to nine guests, while a separate crew aft accommodates up to five crew in three cabins.

On deck, her generous cockpit is designed for both relaxation and control. Twin helms, elegant sunbathing spaces, and a fold-down transom that transforms into a swim platform make her ideal for both spirited sailing and idyllic anchorages.

From October 2023 to November 2024, *Thalima* underwent an extensive refit at the NSGS yard in Badalona. More recently, she was subject to a major maintenance period in June/July 2026, highlights detailed below:

2025-2026:

- New vinyl wrapping on topsides and transom – Ontario blue (July 2026)
- 10,000 main engine service (June 2026)
- Service of main engine injectors (June 2026)
- Black antifouling paint (July 2026)
- Cleaning of fuel tanks (July 2026)
- Full service of deck hardware and Winches (October 2025)
- Deep cleaning of Air conditioning system and ducting (October 2025)
- Deep cleaning and service of sea water manifold and chest (October 2025)

2023-2024 Refit:

Major interior renovation:

- Treatment of teak joinery, bleached Decapé treatment for a more modern interior style
- All interior teak revarnished
- New saloon dining table
- Modification to starboard side of saloon with forward settee removed, new serving station and to allow better flow around dining table
- New coffee table in TV lounge
- Bathtub in owner cabin removed, new Italian Corian shower installed
- All new interior deck head lining and new lighting installed
- All interior polished interior metal work removed and replaced with brushed metal and hardware
- All new cushions and interior upholstery
- Galley and crew mess refit, central island removed, new crew mess and nav station
- Floorboards refinished
- All new linens and towels
- All carbon design in bathrooms replaced by white Corian counter tops

Systems Upgrades:

- Two new Onan 27Kw generators installed
- Upper and lower rudder bearings replaced
- Repainting of white surfaces on deck
- Repainting inside of all deck lockers

- New anchor arm with black anodizing
- New bimini and sprayhoods for both cockpits
- New Samsung 55" TV in lounge
- New B&G H5000 sailing instruments, radar, GPS and AIS
- 4x new B&G Zeus 12" chart plotters
- New Precision 9 B&G Compass
- Two new B&G VHF outside (One is wireless)
- New mainsail and staysail from Incidence

Whether navigating the rugged coasts of the Med or crossing oceans with ease, she embodies the soul of a true thoroughbred: elegant, efficient, and endlessly inspiring. With *Thalima*, Southern Wind's craftsmanship meets the romance of the sea, creating an unforgettable experience of style, performance, and freedom.

HULL & APPENDAGES

Construction

The hull is built on a female mould, using infusion technology, with SP SYSTEM epoxy resin.
 External skin: woven roving (0°/90°), unidirectional (0°) and biaxial (+45°/-45°) fabrics of glass and Kevlar.
 Core: Corecell 50-65 mm, linear structural foam, vacuum bagged to obtain maximum bonding.
 Inner skin: woven roving (0°/90°), unidirectional (0°) and biaxial (+45°/-45°) carbon.
 Carbon fibre chain plates

Hull finish

Topsides finished with Ontario Blue vinyl wrapping – applied in July 2026
 White hull and cove stripes included in vinyl wrapping
 Black antifouling, last applied in July 2026

Keel

The fixed T-bulb keel is composed of an upper steel fin section and lower bulb section. The bulb is cased from approx. 27.8 tons of 3% antimony hardened lead.

Rudder

The single elliptical spade rudder is produced by SWS and composed of carbon fibre pre-preg skins on a closed cell polyurethane foam core. Carbon fibre rudder shaft is supported by two self-aligning bearings from Solimar. Both rudder bearings were replaced in April 2023

Steering Systems

Twin composite steering pedestals fitted in cockpit with roller bearings and flush mounted consoles, accommodating steering compasses and other instruments
 Two 1200mm diameter Solimar wheels in carbon fibre.
 Steering cables run over sheaves with high load bearings fixed on aluminium brackets.
 Steering cable ends linked to a stainless-steel chain and a carbon fibre steering quadrant.

Transom

3m custom carbon fibre passarelle with manual retraction into dedicated storage on transom/lazarette
 Hydraulic folding swim platform, 2x pistons
 Hot/cold shower and storage lockers

Bow Thruster

MaxPower retract R450 bow thruster, removed and fully serviced October 2025, new epoxy paint coating in July 2026

DECK

Deck Construction

The deck is built on a female mould using the infusion method with SP System Epoxy resin and vacuum bagging. Both inner and outer skins are carbon fibre and core 20-38 mm Corecell. Vacuum bagged to obtain maximum bonding. Pilot house superstructure is also built in carbon fibre laminate

Deck Finish

Deck is painted in Matterhorn White Awlcraft – new 2024

Teak laid on side and aft decks, foredeck, coach roof, cockpit floors and seats.

Deck Lockers

Anchor locker with access to chain storage

Forepeak locker with storage for sails, rigging and equipment

Lazarette locker aft with access to transom door and storage for spare tender

Life raft lockers on either side of center cockpit

A gas locker for gas bottles with ventilation is fitted in the lazarette.

Gas alarm Gaslux with sensor in the galley, with solenoid switch.

Deck Equipment

Stainless steel opening bow pulpit with integrated fairleads and teak seat

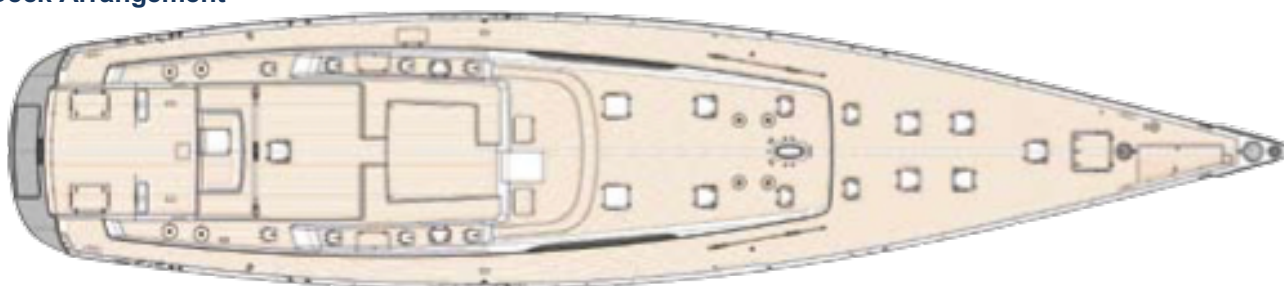

Twenty-four tapered stanchions with triple wire lifelines

Stainless steel side gates on both sides

Removable and elevated foot stands at each helm position

2x extendable and openable teak finished tables in centre cockpit, both refinished in 2024

Deck Arrangement

Winches

Quantity	Function	Model	Description
2	Primary	Harken 1130.3 STA	three speed, Hydraulic
1	Main sail sheet	Captive BAMAR	BCWH 5 Small
2	Secondary	Harken 1130.3 STA	three speed, Hydraulic
1	Traveller	BAMAR system	BCPTB - 40
4	Halyard	Harken 990.3 STA	three speed, Hydraulic

Sailing Hardware

All blocks, tracks and travellers by Ronstan

Puffer switches by Antal

Jammers and clutches by Spinlock

Anchoring & Mooring

Main anchor CQR in galvanized steel 240lb with 150m of 14mm chain. Anchor chain new 2020

Spare anchor 37Kg Fortress FX 125 with 20m of chain and 100m rode, mounted in forepeak

Hydraulic retractable aluminium anchor arm (serviced in 2024) folds away flush inside the anchor locker

Maxwell 4500 model hydraulic anchor windlass (new gearbox 2025)

Sanguinetti hydraulic vertical retractable capstan

Eight (8) custom retractable cleats (2x bow, 4x stern 4x midships)

Fenders and mooring lines

Deck Canvas

Removable sprayhood in center cockpit
 Bimini over centre cockpit with side curtains
 Deck awning that connects to boom
 Mainsail cover
 1x set of winch covers
 Steering pedestal and wheel covers
 Cockpit and cushions with back rests (new 2024)
 Sun bed cushions (new 2024)

INTERIOR

Accommodation

Four ensuite guest cabins accommodating up to ten guests
 Master cabin – located forward with walkaround double berth 200 x 170cm berth
 VIP cabin – forward and to port of saloon, walkaround 200 x 170cm berth
 Aft cabins, aft of saloon, 6x single berths, two fixed and one pullman in each cabin. Single guest cabin berths measure 195 x 85cm each
 Three crew cabins accommodating up to six crew

General

Major interior renovation carried out between October 2023 to November 2024.
 Interior furniture is made to the highest marine standards, using teak and, where possible, sandwich construction with closed-cell PVC or resin-sealed paper honeycomb core, to reduce the weight.
 Teak veneer has been refinished with a white Decapé to fill the grain and a white wash varnish. Top coat is polyurethane varnish
 Inside of lockers is finished in cedar veneer with a wrapping finish
 Removable sandwich construction floorboards are finished in whitewashed teak and supported by aluminium bearers
 Overhead hatches in guest areas with new (2024) Oceanair blinds and mosquito screens
 Removable overhead panels have been refinished in new vinyl covering (2024)
 Additional side panelling in dark grey upholstery
 Flush mounted overhead LED lighting throughout (all new 2024)
 All new saloon cushions and upholstery in crème linen
 New Corian countertops in heads & galley
 All metalwork in guest accommodation is brushed finished, not polished.
 Five new chairs for saloon dining table and Owner cabin studio, that can also be used on deck at cockpit table

Interior Arrangement

Forward Cabin [Master]

Centreline double berth with bedside tables and bookshelves on either side
 Two sets of hull windows located outboard on either side
 Two-seat sofa to starboard with storage lockers and cabinets forward and above
 Folding shoe lockers to port with storage lockers and cabinets above and forward
 Walk through wardrobe area aft of berth headboard with hanging lockers and drawers

On starboard side adjacent to wardrobe, a writing desk with lockers, drawers and chair
Retractable 32" Samsung television.
En suite head with Tecma WC & bidet, double wash basins, mirrors and storage lockers. Outboard to starboard a shower compartment in Corian (new 2024)

Forward Guest Cabin (VIP)

Double walkaround berth with bookshelves, lockers and hull window outboard
Hanging locker and storage lockers forward and outboard with retractable 32" Samsung TV
En suite head with Tecma WC, separate shower compartment, wash basin, mirrors and storage lockers

TV Lounge

In the forward starboard section of the saloon, a C-shaped settee and lounge area is located with coffee table inboard. Wenge finished coffee table is new from 2024. Hull window located outboard and bookshelves and storage lockers.
48" Samsung Frame LED Smart TV (new 2024) mounted on inboard partition with additional bookshelves

Saloon

C-shaped settee to port with adjacent Wenge finished coffee table.
Double hull windows outboard on either side
Settee to starboard with new Wenge finished dining table (2024) accommodating up to ten guests
4x dining chairs (new 2024)
Veneered staircase leading to centre cockpit and deck with storage lockers adjacent to starboard

Aft Cabin (Port)

Twin single berths on either side with storage lockers and bookshelves above.
Additional removable pullman berth inboard, to accommodate three in this cabin
Nightstand with drawers between the berths, hanging locker forward and outboard
En suite head with Tecma WC, separate shower compartment, wash basin, mirrors and storage lockers

Aft Cabin (Starboard)

Twin single berths on either side with storage lockers and bookshelves above
Additional removable pullman berth inboard, to accommodate three in this cabin
Nightstand with drawers between the berths, hanging locker forward and outboard
En suite head with Tecma WC, separate shower compartment, wash basin, mirrors and storage lockers

Aft Corridor

Additional storage lockers and 2x Frigomar wine coolers, 25 bottles each
Access to electrical and engine rooms
Further aft in the crew area, the corridor continues and contains storage lockers on either side

Galley

Located in the forward port section of the crew area
L-shaped Corian finished work surfaces forward and outboard
Inboard island with Corian sink

Domestic Equipment

1x 90cm SMEG electric oven with Alpes Inox 7-burner gas stove
2x TEFAL portable induction stove burners
Ocean Microwave oven
1x Miele 90cm wide dishwasher for 12x standard table settings (new 2024)
Nespresso coffee machine
Baraldi extraction hood
U-line icemaker in lazarette (new 2024)
Irinex blast chiller
3x Frigomar refrigerators in galley
2x refrigerators in saloon
1x refrigerators and 1x chilled locker in cockpit
2x Frigomar 100 litre freezers
Bosch washing machine (new 2023)

Bosch dryer (new 2023)

Nav Station

Located forward on starboard side of crew area
Aft facing navigator's desk with opening top chart table
Instruments and screens are flush mounted

Engine Room

Insulated with sound and vibration dampening materials
Fire protection to A60 rating
Video cameras connected to a screen located at the electrical control panel

Captain Cabin

Located forward and on starboard side of crew area. Lower fixed berth with folding pullman above. Ensuite head with shower, WC, washbasin, storage locker and mirror\

Crew Cabins

Located on either side in aft portion of crew area. Both cabins feature upper and lower single berths, storage lockers and shelves
Crew head is located aft of Captain's cabin on starboard side

ENGINE & SYSTEMS

Main engine is a Cummins QSL 9-405 MCD 405 hp @ 2100 rpm
9,353 engine hours in July 2026. 10,000 hour service completed by Cummins agent in July 2026
Maretron engine monitoring with display at helm
ZF 305-2A gear box
Brunton 4-blade folding propeller mounted on 75mm stainless steel shaft
MaxPower retract R450 bow thruster, removed and fully serviced October 2025

Fuel System

Two 2800 litre integral composite fuel tanks, total fuel capacity 5,600 litres
Four interchangeable RACOR 20-20 fuel filter/water separators
San Giorgio Sein level monitoring system

Plumbing Systems

Pressurized hot/cold freshwater system
Two 1,500 litre freshwater storage tanks, total capacity approx. 3,000 litres
San Giorgio Sein level monitoring system
3x 60-liter hot water heaters
Two Gianneschi 24v DC freshwater pumps, serviced 2024
1 G&R Ecojet Gianneschi 1B seawater pump
Fire pump in the engine room Gianneschi ACB 431 B 24V with intake in the starboard lazarette. Can be backed up by a diesel pump Gianneschi MBMA40 3,7KW 3000RPM located in starboard lazarette, can be used as bilge pump.
Cathelco active cathodic protection for main sea water manifold
HEM 25/1600 water maker in port lazarette

Ventilation System

Frigomar centralized Air Conditioning with 120,000 total BTU
Fan coils and controls in all cabins, saloon and galley
Electronic climate controls with LCD digital displays and temperature probes are installed in each cabin.
12v Hella fans in crew area
Engine room extraction and ventilation fans, G&R 24v (both new 2023)

Refrigeration Systems

4x Frigomar refrigeration compressors, sea water cooled, can be operated on 24vDC or 220vAC

Drainage System

All marine WC by Tecma, can be operated on fresh or seawater system
 Two composite blackwater tanks, total capacity 1,400 litres
 G&R macerator pumps connected to each black water tank
 Three composite grey water tanks, total capacity 1,200 litres
 Grey water pump out via G&R pumps
 50mm deck waste pump out fittings, one for each tank (each pump can be used for the other tank)
 Six individual bilge areas may be pumped out via manifold
 2x G&R 24v pumps connected to bilge manifold
 Two Johnson pumps permanently connected to main bilge and engine room bilge

Hydraulic Systems

The powered hydraulic system is supplied by:

- 2x Power Take Off (PTO) units fitted on the generators
- One DC power pack with twin 14Kw electric motors

Powered hydraulic functions:

Forward group:

- Genoa Furler
- Windlass Maxwell
- Sanguinetti Retractable Capstan
- Bow Thruster Max Power
- Anchor arm deployment and retraction

Amidships group:

- Main sail sheet captive winch
- 4x Halyards Winches

Aft group:

- Traveller system
- 2x Primary Winches
- 2x Secondary Winches
- Opening Transom Door

Bamar rigging hydraulic system: supplied by dedicated power pack and/or manual pump

Hydraulic functions: Backstay, Vang, Outhaul, Inner forestay, jib halyard tensioner, Staysail halyard tensioner.

ELECTRICAL SYSTEM

General

Electric system is installed in conduits, alongside the hull, with junction boxes provided and secondary distribution panels. Wiring numbered on both ends and laid down to be accessible for checking and servicing.

DC System

Service Batteries: two (2) battery packs, each made of Sonnenschein Dry Fit units 2V 500 Ah each, for a total of 2000 Ah 24V. (All new 2019)

Navigation Batteries: One (1) battery pack, with two (2) batteries Sonnenschein Dry Fit, 200Ah 12V connected in series. + 2 emergency batteries located in port lazarette

Engine & Genset start: one (1) battery pack, with two (2) batteries Sonnenschein Dry Fit, 200 Ah 12 volts connected in series.

AC System

Shore power system – 2x watertight sockets on lazarette with 25m shore power cable

Port Genset - Onan OD 27kw 50 Hz (2765 hours in October 2025) mounted into a sound insulation box

Starboard Genset - Onan OSD 27kw 50 Hz (2997 hours in October 2025) mounted into a sound insulation box
Both generators newly installed in 2024

Chargers/Inverters

220-amp alternator on main engine
3x Victron 100-amp battery charger for service batteries
1x Victron 50-amp battery charger for navigation batteries
Victron 50-amp charger for navigation batteries
Three Victron inverters 4000W
Engine and genset batteries charged via dedicated alternators on each engine

ELECTRONIC SYSTEMS

Navigation Instruments

Sailing instruments by Brooks and Gatehouse - H5000 System including processor, mast head unit (wind speed/direction) echo sounder, and speed log sensor
Graphic Functional Displays (GFD) located at nav station
5x 20/20 displays in aft cockpit (new H500 displays 2024)
Two B&G ZEUS3 12" multi-function chart plotter/radar screens (New 2024)
One on each steering pedestal and one at crew mess table
Three B&G Vulcan 12R screens, one on front of nav station, one in crew mess and one in captain's cabin (New 2024)
All B&G screens can display the new Halo20+ radar
One B&G H5000 GFD at nav station (new 2024)
Precision 9 B&G Compass (new 2023)

SIMRAD AP24 autopilot system with displays on both steering pedestals (new 2021)
Continuous running hydraulic pump with one custom hydraulic cylinder

Computer Systems

MSI Computer at nav station
Computer is linked to 25" screen at nav station

Communications Systems

Icom Marine VHF GMDSS IC-GM651
Icom Marine MF/HF radio IC-M801GMDSS
Thrane and Thrane Inmarsat C
Simrad AIS system, receives and transmits (new 2024)
Starlink maritime system with antenna on pushpit connected to the boat WIFI

Entertainment Systems

Apple TV system with networked hard drive provides content to onboard television and hi-fi systems

Saloon/Lounge

55" Samsung Frame TV connected to Denon amplifier and Sonance surround sound system

Master Cabin

32" Samsung TV linked to Sonance speakers

VIP Cabin

32" Samsung TV linked to Sonance speakers

Crew Area

New crew mess and dining table

MAST & RIGGING

Nordic Mast 4-spreader mast is built in hi-modulus carbon fibre
 Nordic Mast carbon fibre park avenue boom
 Discontinuous diagonal side rigging by ECSix (new 2015, serviced 2022, inspected October 2025)
 Vertical side rigging by Carbo-Link (new 2019, inspected October 2025)
 Major service to mast, boom and rigging in 2022 with NDT control, full repainting, rewiring of mast, new spreader lights. Further NDT testing of mast and rigging in October/November 2025.

EQUIPMENT

General Equipment

New Williams SportJet 435 tender (2023)
 Mounted on foredeck in custom stainless-steel cradles
 Saddles for storage of yacht ashore, currently in Genoa, Italy
 20-foot storage container, currently in Genoa, Italy

Safety Equipment

In accordance with MCA LY2 short range requirements

SAILS

Sail	Year	Sailmaker	Material/Notes
MAINSAILS			
Mainsail	2024	Incidence	Full batten, 3-reefs, DFI aramid/Dyneema.
UPWIND			
Furling genoa	2022	Incidence	DFI Aramid/Dyneema
Staysail	2024	Incidence	DFI aramid/Dyneema, Facnor manual furler
DOWNWIND			
A4	2010	North Sails	with sock and bucket
A2	2010	North Sails	

EXCLUSIONS

- Personal clothing and books belonging to Owner and crew
- Framed photo graphs in Owner's cabin, TV lounge, and Saloon
- Personal effects, including, personal tools, clothing, navigation equipment, books, pictures and works of art.

The Company offers the details of this vessel in good faith but cannot guarantee or warrant the accuracy of this information nor warrant the condition of the vessel. A Buyer should instruct his agents, or his surveyors, to investigate any such details that the Buyer desires to be validated. This vessel is offered subject to prior sale, price change, or withdrawal without notice. This specification/inventory will only form part of the contract when attached to a sales contract that has been signed and agreed by both seller and buyer.
